# PRIYA DHARSHINI S

Full stack Mobile App and Web App Developer
7502565557 priyasmpn9865@gmail.com priyadharshini2214 **PRIYA0914**

**SUMMARY**
Full Stack Developer + UI/UX Designer with hands on experience passionate about crafting visually appealing and intuitive digital experiences using React and Figma. Proficient in MERN stack for Web application Development and REACT NATIVE for Mobile App. Dedicated to improving product usability while contributing innovative ideas to dynamic development teams

**TECHNICAL SKILLS**

- **Programming:** C, C++, Python, JavaScript, Java
- **Frontend:** HTML, CSS, React.js, Tailwind
- **Backend:** Node.js, Express.js, MongoDB
- **Mobile App Development:** React Native
- **Tools & Platforms:** GitHub, VS Code, Figma, Async Storage, REST APIs
- **Other:** UI/UX Designing, Team Collaboration, Responsive Design

**PROFESSIONAL EXPERIENCE**

**Frontend Developer | PR & Design Team Annapoorna Engineering College Jan 2025 – Present**

- Designing modern, responsive UI screens for college applications using Figma, React.js, and React Native.
- Collaborating with the PR team to create brochures, posters, banners, and digital content for college events and promotions.
- Contributing to the development of MERN-based features by integrating frontend components with backend APIs.
- Ensuring improved user engagement by applying UI/UX principles, usability testing, and user-centric design improvements.
- Supporting event branding and technical creativity through innovative visual design and teamwork.

**UI/UX Design Intern - Arttifi Tech**

- Managed project timelines, reducing delivery times by 30%.
- Spearheaded the adoption of cutting-edge engineering software, improving project accuracy by 15%.
- Collaborated with cross-functional teams, enhancing project success rates by 10%.

**PROJECTS**

**Online Cake Order – MERN Stack** (Internship at I Neuron - Nov 2024)

- Developed a full-stack platform for online ordering with cart, authentication, and admin control.
- Implemented REST APIs and MongoDB schema for real-time order tracking.

**Inventory Management System – MERN + React Native**

- Built a product/inventory tracking app for electronics shop with separate Admin & User panels.
- Integrated Async Storage for offline access and secure login authentication.

**Secure Chat – Express.js + Socket.io**

- Real-time encrypted chat application with Ghost Mode for private messaging using WebSocket's for fast communication.

**UX/UI Designs**

- **Food Go:** Designed a clean, intuitive user interface for a food delivery app with optimized user flows (Figma Prototype).
- **Mini Projects:** To-Do List App, Tic Tac Toe App, Stopwatch App (React Native showcasing logic building and state management).

## EDUCATION

**Bachelor of Engineering in Computer Science**

Annapoorna engineering college| Sep 2023 – April 2027

---

## CERTIFICATIONS

- **Full-Stack & Mobile:** Full-Stack Web Developer, React Native Developer, Explore App Development with MERN Stack, Advanced Node.js & Scaling Applications, Building RESTful APIs with Node.js and Express, Building React and Django Apps, Building Angular and Django Apps, create a CRM Mobile Application with React Native, Building a Paid Membership Site with Django.
- **Other:** DevOps Foundations, Introduction to Python & Python for Data Science, Certificate in UX/UI Design, Diploma in Computer Application (DCA).

---

## ACHIEVEMENTS

- Certificate of Achievement – Swait AI Lear Nathon (Generative AI)
- Member of College PR & Design Team (Designed brochures and invitations).
- Secured 2nd place in Recreate with Figma (Rolls-Royce Cars UI redesign) at a National Symposium.

---

## LANGUAGES

- Tamil – Native Proficiency
- English- Professional Proficiency
- Kannada- Conversational Proficiency
